

sh

Blend the two consonants together to make one sound.

Cut out this picture clue card. Use the picture as a visual clue to the sound.

As you work through Nesy you will add more cards to make a **phonic Sounds Pack**. The full set can be purchased at the Nesy website.

Word list

ship	mash	dish	rush	shock	brush *
shin	bash	wish	hush	shell	crush
shed	lash	fish	lush	shall	fresh
shop	cash	posh	mesh		blush
shot	rash				smash
shut	dash				
	gash				

*Initial blends (e.g. 'br') have not yet been taught but can usually be read. Many more words contain 'sh' but have been deliberately left out as they incorporate more complex phonic patterns e.g. 'shout'.

Now we will make a chain game to use for spelling. Print out the following page onto a sheet of labels (formatted for multi-purpose labels 38.1mm x 63.5mm, see the Nesy bulletin board FAQs for more details). To make the game stick the first two word stickers on the front and back of a card then the next two on another etc. See Rules For Games  and watch the Nesy film to learn how to play chain games.
